ENVIRONMENTALLY RESPONSIBLE CLEANING PRODUCTS

Dear Cleaning Supplies Manager,

RapidClean, Australia's leading cleaning supplies group is pleased to introduce your organization to a new range of environmentally friendly cleaning products.

All Biodegradable RapidClean products are expertly formulated and are designed to provide environmentally friendly domestic and commercial cleaning solutions and great end results in less time.

Play your part in caring for the environment by using or distributing the environmentally responsible RapidClean cleaning product range. The following products are naturally derived, highly concentrated and sold in a range of pack sizes.

L Lime Fragrance **O** Orange Fragrance **E** Eucalyptus Fragrance

Tangelo **L** All Over Washroom Cleaner

NATURAL ALL OVER WASHROOM CLEANER

- 1L** - Product code: **814019**
- 5L** - Product code: **814001**
- 15L** - Product code: **814002**

Description

Tangelo is a highly concentrated citrus based all natural acid based cleaner for use as a cleaner and scale remover in bathrooms and toilets.

Application

Tangelo is a clear green liquid with a pleasant lime fragrance and is used as an "All Over Wash Room Cleaner". Tangelo can be used safely on a wide variety of surfaces including stainless steel and porcelain toilet bowls, urinals and stone benchtops. Tangelo incorporates a blend of "natural" organic acids and wetting agents combined with a specially formulated thixotropic agent. The acidic detergency provides a rapid penetration and dissolution of lime scale deposits, uric acid deposits and stains, whilst the thixotropic characteristics ensure that the thickened liquid has an extended contact time by "sticking" to all vertical surfaces.

Benefits

- Fully biodegradable
- Contains an "all natural" lime fragrance
- Rapidly emulsifies food soils and grime
- Contains no surfactants made from Petroleum solvents
- Excellent aquatic toxicity

Features

- Highly concentrated
- Contains safe "organic" acids
- Penetrates soil quickly
- Made from renewable resources
- No glycol ethers
- All surfactants made from vegetable origin

Freshen

All Safe Carpet Prespray & Spotter

ECO - SAFE CARPET PRESPRAY & SPOTTER

- 1L - Product code: 814219
- 5L - Product code: 814201
- 15L - Product code: 814202

Description

Freshen is a highly concentrated citrus based "eco safe" liquid detergent formulated as an "All Purpose Carpet Prespray and Spotter" for the removal of all dirt in all carpet cleaning. Freshen is a clear yellow liquid with a fresh eucalyptus fragrance.

Application

Freshen removes a wide variety of soils from a number of different carpet surfaces. It's neutral pH makes it suitable for use on all woollen carpets. The careful blending of "natural" solvents and emulsifiers effectively and safely removes all types of stains. Leaves carpets with a fresh eucalyptus fragrance.

Benefits

- Fully biodegradable
- Excellent cleaning system
- Carpet deodoriser
- Contains enzymes for superior cleaning performance
- Contains eucalyptus oil
- Contains no surfactants made from petroleum solvents
- Excellent aquatic toxicity

Features

- Highly concentrated
- No glycol ethers
- Long lasting odour
- Safe to use on all types of carpets as it has a neutral ph
- Made from renewable resources
- Contains no edta, nta etc
- All surfactants made from vegetable origin

Orange Squeeze

All Purpose Spray & Wipe Cleaner

NATURAL ALL PURPOSE SPRAY AND WIPE

- 1L - Product code: 814119
- 5L - Product code: 814101
- 15L - Product code: 814102

Description

Orange Squeeze is a highly concentrated "all natural", citrus based liquid detergent formulated as an "All Purpose Spray & Wipe Cleaner" for the removal of all dirt from a variety of surfaces. Orange Squeeze is a clear "fluoro" orange liquid with a fresh orange fragrance.

Application

Orange Squeeze is a clear "fluoro" orange liquid combining a heavy - duty detergent system with natural citrus solvents. Orange Squeeze removes a wide range of soils including fats, greases, carbon and other industrial soils, safely and quickly on a variety of surfaces. It is suitable for use in such areas as hospitals, food service, clubs and restaurants. The highly active biodegradable "naturally derived" detergents used in Orange Squeeze ensure that the toughest soils and grease are removed quickly and effectively to leave all surfaces sparkling clean.

Benefits

- Fully biodegradable
- Safe to use on all surfaces
- Contains an "all natural" orange fragrance (d'limonene based)
- Rapidly emulsifies food soils and grime
- Contains no surfactants made from petroleum solvents

Features

- Highly concentrated
- No glycol ethers
- Penetrates soil quickly
- Made from renewable resources
- All surfactants made from vegetable origin

Citra Solve

Heavy Duty Water Soluble Degreaser

500mL - Product code: 814325

4L - Product code: 814301

20 - Product code: 814305

Description

Citra Solve is a highly concentrated Citrus Based d-Limonene derived cleaner for the removal of all dirt on a variety of surfaces such as fabric, painted surfaces that are not removed by water borne products.

Application

Citra Solve is a clear liquid combining a heavy duty detergent system with natural citrus solvents. Citra Solve is a water rinseable detergent which is effective in removing everything from heavy greases and oils from metal surfaces, waxes from cars, cleaning grease from concrete surfaces and grease and grime from engine parts.

Benefits

- Fully biodegradable
- Safe to use on all surfaces
- Rapidly emulsifies food soils and grime
- Contains an "all natural" orange fragrance (d'limonene based)
- Contains no surfactants made from petroleum solvents

Features

- Highly concentrated
- No glycol ethers
- Penetrates soil quickly
- Made from renewable resources
- All surfactants made from vegetable origin

Orange Peel

All Purpose Dishwashing Liquid

1L - Product code: 814419

5L - Product code: 814401

15L - Product code: 814402

Description

Orange Peel is a highly concentrated citrus based neutral liquid detergent formulated as an "all natural" cleaner which can be used for a variety of cleaning applications. Orange Peel is a clear orange liquid with a fresh orange fragrance.

Application

Orange Peel has a wide variety of uses including hand dishwashing operations in all institutional areas such as hospitals, food service, clubs and restaurants, hard surface cleaning such as floors, cars and bench tops. The highly active biodegradable "naturally derived" detergents used in Orange Peel ensure that the toughest soils and grease are removed quickly and effectively to leave all surfaces sparkling clean. The naturally derived ingredients are also gentle on the skin.

Benefits

- Fully biodegradable
- Safe to use on all surfaces
- Rapidly emulsifies food soils and grime
- Contains a fresh natural orange fragrance
- Contains no surfactants made from petroleum solvents
- Excellent aquatic toxicity

Features

- Highly concentrated
- Neutral ph
- Penetrates soil quickly
- Made from renewable resources
- Contains no edta, nta etc
- All surfactants made from vegetable origin

N'Viro Cleans All

Multi Task Cleaner & Degreaser

NEW COLLOIDAL TECHNOLOGY
SAVE TIME SAVE MONEY

5L - Product code: RCG-N'VIRO5
20L - Product code: RCG-N'VIRO20

- ✓ Non - Toxic
- ✓ 99.99% Biodegradable
- ✓ OH & S Compliant
- ✓ Virtually Non-Allergenic
- ✓ Colloidal Technology
- ✓ Non-Flammable

Description

N'Viro Cleans All is a highly concentrated, environmentally safe multi-task cleaner and degreaser developed to suit the latest OH&S requirements from industrial to the contract cleaning industry. N'Viro Cleans All contains colloidal technology comprising of anti-microbial elements which inhibits growth of various forms of mould and mildew.

Colloidal Technology - Cleaning the future...

Colloidal based cleaning products are the way of the future. Colloids are tiny elements that travel rapidly and constantly travel within N'Viro Cleans All. When the cleaning solution is applied to a dirty surface, the colloids break the soiled surface tension and bind dirty particles together so that they cannot reattach to the cleaned surface. N'Viro Cleans All prevents surface soil deposits to effectively reduce cleaning time and costs.

Furthermore, N'Viro Cleans All is highly versatile and reduces the number of cleaning products required without sacrificing hygiene control. A Non-Toxic and Non-Allergenic formulation optimize worksafe safety compliance for the user, and a 99.99% biodegradable formula protects the environment.

Application

N'Viro Cleans All can be diluted to suit a broad range of applications from general surface cleaning right through to degreasing. It is suitable for use in such areas as food service, hospitals, clubs and restaurants. It is particularly suitable for contract cleaners who require a highly versatile product with numerous user friendly features.

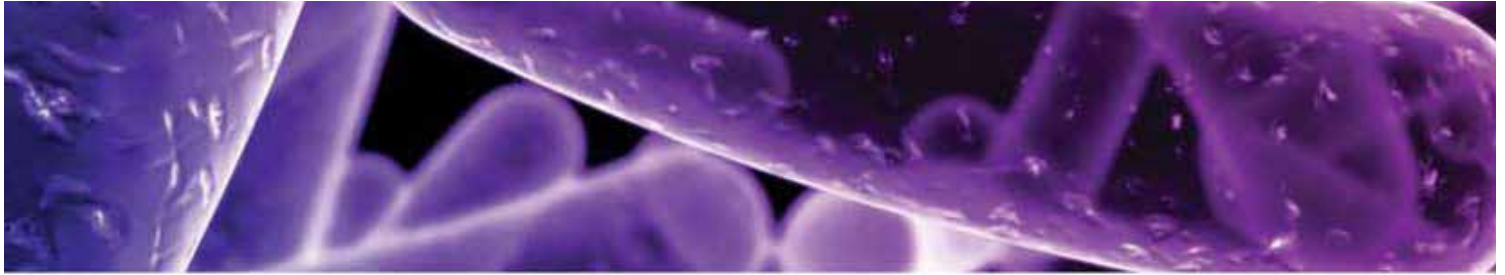

Benefits

- OH & S compliant
- Mould and mildew growth inhibitor
- Safe to use on all surfaces
- Product offers a wide range of dilution rates
- Reduced stock holding requirement
- Major decreases in operator costs

Features

- 99.99 % Biodegradable
- Highly concentrated - extremely versatile
- All round cleaning efficiency
- Colloidal anti- microbial ingredient
- Non-toxic
- Non-hazardous
- Non-destructive
- Virtually non-allergenic

BIO8

Biodegradable organic waste breakdown tablet

NATURALLY DERIVED
BIODEGRADABLE

8 Tablets - Product code: RCG-BIO8

Description

Maintain grease traps and septic tanks with a Biodegradable tablet and save on chemical costs! RapidClean BIO8 is a stabilised microbial tablet containing naturally occurring bacteria to aid biological breakdown of organic waste. The BIO8 tablet is a combination of "good" bacteria and a sustaining compound to insure the bacteria thrive in those oxygen depleted anaerobic septic system and grease traps. Applying probiotics replenishes the microbes taken out by cleaners, antibiotics and over worked waste systems, thereby restoring the natural balance.

Each RapidClean BIO8 tablet has a knockout blend of probiotic bacteria and sustaining compounds which work to digesting organic waste and eliminate odour for up to a week, the moment it comes into contact with water.

Application:

Tablets can be dropped in to septic tank, holding tanks, ponds and reservoirs – reducing the solids and bio mass. The microbial strains in BIO8 are the result of extensive and ongoing research that has resulted in effective bio remediation of human, animal, and commercial wastewater.

Encapsulated environmentally friendly bacteria in a dehydrated medium, delivers a safe practical and lasting approach to domestic and commercial waste situations...

- Apply to discharge water, low lying drains, grease traps
- Septic systems, leach drains, grey water systems, storm water collection tanks
- Boat bilge water, compost systems
- Supplement an over worked bio-reactor (like a Bio Max)
- Unblock drains from fat and sludge build-up (but not physical impurities)
- Urinals

Benefits

- Environmentally sustainable
- Simple convenient application
- Safe natural and environmentally sustainable approach to controlling waste problems
- Effective odour reduction
- Dramatic cost saving over conventional liquids, plumbing and pump-outs
- Biological breakdown of fats, oils, grease, proteins and starches in wastewater
- Reduce sludge in sewage systems, fat build-up and blocked drains

Features

- Simple to use
- A concentrated dry culture bound in tablet form means its safe to handle, easy to store
- Designed to release "good" bacteria for an extended period
- Accelerates the degradation of proteins, fats, oils & greases
- Traditional liquid chemicals are expensive to transport and bulky to store
- Long shelf life - begins only when re-hydration occurs
- Works in any weather, hot and cold

Balance Bacteria Levels

Savings

RapidClean BIO8 is very cost effective compared to the cost of liquid solutions or plumbing call outs.
